

What can this mean?

There are poles all along this block
There are flags hanging many colors
Some are flapping, want to be seen
I don't understand what this means

There is smoke rising in each yard
A man with a spatula in his hand
Kids in the yard running and screaming
I don't understand what this might mean

Signs on the sidewalks, vote for me
Making sure you know it's a party
But the signs don't tell me anything
I can't figure out what anything means
