The Pain I've endured/ Is the pain I've delivered E/D
Knowing unknowing/ It's there in our bodies E/D
The love that I felt/ Sometimes unreturned A/Bm
No turns all corners/ No way to turn back E/F#

Always amazed at how people feel
That waiting makes U-turns makes em legal
What's legal for one ain't legal for me
What's legal for me is under discussion

I don't want to hurt you, I'd like you to love me I don't want to leave you, I don't want to walk away I don't think I'm always right/ But I still think It's deadly/ if we fight

## chorus;

The guns are drawn/ the target unholy		A/Bm	
Madonna is tre	mbling/ we knee	l in prayer	A/E
But no one's sincere we're in agreement			D/E
That God is no	t ours/he's white	e now and weird.	D/E
<i>Alt;</i> F#	Bm	end on	A
