**{A}** He watches as the world goes by  
People pass him do not notice  
What he sees is that they see  
Nothing more than what they want to

**{A}** There is more to life than that  
The aimless ones look at life  
wish it were more than what it seems  
What the world has left to them

**{B}** What the world left to them  
Is richer than they realize  
Old complaints are wasted  
on those who do not listen

**{A}** We must dance or sing or speak  
What we know is true to us  
But confusion is our lot  
What's our fate? We do not know

**{B}** If we wish for genies or  
a winning lotto ticket  
If we see a falling star  
We won't know what to do with it

**{A % B guitar solo }**

**{A}** What can be forgiven/ what is unforgivable  
What can be made better / if our lives aren't liveable

**{B}** Laws and change might help a bit/ But change must be from within  
Until the gun is laid aside/ Nobody wins..... *ends on AM*
