

East or West

The old are going East, The young are going West Dm Am
The people in the middle, don't know which way is best Dm C

You knew that rime was coming Dm
heard the guitars strumming Gm
You might join by humming AM
oh yeah Dm

The old aren't going anywhere, the young climb to the top Dm Am
Those people in the middle don't know how to stop Dm C
Wondering how life got so strange Dm Gm
That melody keeps running through our brains AM Dm

You knew that rime was coming Dm
heard the guitars strumming Gm
You might join by humming AM
oh yeah Dm

The future's too hard to see, the past is oh so dim Dm Am
The people in the middle shout, "What is going on?" Dm C

You knew that rime was coming
heard the guitars strumming
You might join by humming
oh yeah

Landmarks seem to fade away, Dm
no longer know where you are Am
How is it possible I can't get there by car? Dm C

We don't know anything. Nosiree no no Dm Gm
Just heading Easy or West, or staying where we are. Am Dm

Chorus and outro
