

Ab7

Is it love?

B7

Cm

I don't know but I want it to quit my body

I don't know

About what is true but please leave me alone

If you think

It's love that you feel let me tell you

Straight up

Like whisky it's not smooth ~ not smooth

~

*chorus;*

*Fm*

*Eb*

*We met that's all*

*We spoke that's all*

*We shared some thoughts*

*About ourselves our desires*

~

No one knows

You want me, and I know it doesn't matter

Doesn't matter

The world won't stop turning

All I know

Is that the world is turning

And it doesn't matter

How you think you feel about me

~

*I think I've said enough  
I've said what I meant  
I told you 'go on your way'  
Where that maybe it's not heaven*

~

So I'm alone  
And it's better that way  
Though I long for you  
Whoever you may be  
And I know  
We'll never see eye to eye  
And we think  
maybe that's ok  
uh huh.
