**A;**She left that night knowing  
No car or condo in the future  
Knew from history  
that his words were futile

**A;**So she lived and could provide  
There was always something on the side  
She hoped for fresh air and truth  
What else was there to do

### *Instrumental*

**B;** It's in the open he's in denial  
What he's got ~ briefs and files  
It won't save his reputation  
But He's just got money to burn.

### *Outro*
