

Her smile never reached her eyes

A Her smile never reached her eyes Dm
No sense of humor no surprise Am
I didn't know what she thought F
Never laughed at jokes I brought Am

A She said I was humor impaired
Confused by puns I misunderstood
Told me the pun was really good
Just assumed what was said was meant

B Stone cold in a heartless way C
Why did I become the victim G
Never really did anything right Dm
Came home to bills, evicted G/F

A What does it mean when there's no light
How can you see in the middle of the night
Living as if there's never a moon
I'm now alone, too soon

B The cars pass and headlights blind
I don't know where to go how to live
Have a job but can't pay the rent
Shelter, a doorway away from the wind

A If she smiled it didn't reach her eyes
Behind the mask that's no surprise
Yet I fell in love and then out
She turned away without a doubt
